Soil survey reports ... Series 1923-

Washington, U. S. Govt. print. off., 1928-

v. plates, maps (part fold.) tables. 28½cm.

In cooperation with the state agricultural experiment stations.

Before 1923 series, these reports were issued by U. S. Dept. of agriculture. Bureau of soils, in an annual bound volume with title: Field operations of the Bureau of soils. Unnumbered reprints were also issued. Beginning with 1923 series, no bound annual volume is issued. The reports for each year are consecutively numbered, the last number for each year being conspicuously marked.

1923-June 1929 issued by Bureau of chemistry and soils; July 1929-Jan. 1943 issued by Bureau of plant industry; Feb. 1943- issued by Bureau of plant industry, soils, and agricultural engineering.

"The purpose of this publication is to furnish information regarding currents to the mariner, the engineer, and the public generally. For a number of years the Tide tables, issued annually, in advance, by the Coast and geodetic survey, devoted a limited amount of space to currents; but the results of recent current surveys and investigations have so greatly increased our knowledge of the currents as to make advisable a separate publication devoted to the currents."—1923, p. 5.
